      Overall great — it would have been nice for the GSI sessions to
      come up a bit better by the pending assignment.

   b) the graduate student instructor's teaching
      
      - Extremely well-prepared
      - Good notes that students can refer to later — I'm sure Frazzini's
        custom notes will be additive to my studying for the final which
        is rare from GSIs

2. What improvements would you suggest?

   1. See part a)
   2. Close Frazzini
